FACE AND HANDS

Became Solid Eruption. Did Not Dare to Wash Hands. Face Was Awfully Disfigured.

HEALED BY CUTICURA SOAP AND OINTMENT

"When I was in ill health my impure blood caused my face to break out, and also my hands. The general appearance of the breaking out was small blisters accompanied by itching. I could not rest day or night for a good while and the scratching of my skin made the blisters become a solid eruption. I was told it was eczema and I did not dare to wash my hands or face for every time I did it, it seemed to get worse. My face was awfully disfigured.

"It lasted three months and I used Salve, and other remedies but they did not amount to much. I was told to use Cuticura Soap and Ointment and I did so. I used them according to directions and now I am completely healed." (Signed) Mrs. Estella Cooke, 525 6th Ave., Columbus, Ga., July 30, 1915.
